## Weymouth, Massachusetts Library

To create the desired aesthetic, Trespa<sup>®</sup> cladding was one of a few main materials chosen for the library's exterior. Both Pura<sup>®</sup> NFC by Trespa and Trespa<sup>®</sup> Meteon<sup>®</sup> were incorporated into the design to create a geometric form.

## Clinton, Washington Residence

An oceanfront Washington home needed exterior products that could hold up to the elements, particularly the frequent exposure to salt water. The goal was to build a legacy home that would last for generations.

## Thornton, Colorado Fire Station

"Being in Colorado, we have to worry about sun and wind exposure."

- Brad Bonnet, Allred & Associates.

Knowing natural wood may not stand up to the elements, the team selected Pura<sup>®</sup> NFC because it is low maintenance, long-lasting and readily available.

## Lewisville, Texas Education

"This was a challenging project with many different types of installations from walls to soffits and more. All in all, the Pura<sup>®</sup> NFC siding installation went smoothly."

- Chris Grisolia,  
Vaden's Acoustics & Drywall, Inc.

## Aspen, Colorado Multifamily

“In Colorado, there is usually lots of sun, periods of dry, and sometimes wildfires, so we have to consider all of those things when we design. We chose Pura<sup>®</sup> NFC for sustainability, durability and weather resistance.”

- Charles Cunniffe,  
Charles Cunniffe Architects

## Eastham, Massachusetts Residence

The client tasked Studio Troika to design a house that would stand out as a statement piece – not look like every other one in the neighborhood. An exterior commonly designed for the Cape would likely need to be repainted or stained every few years. Instead, Pura<sup>®</sup> NFC by Trespa was selected.
